For the webnexs team and especially Mr Kavi Arasan and Mr Mahesh Putta Shankar ... Our adventure started about a month ago .. It all started with a request and has since evolved day after day to an almost complete webshop, I have to admit that We've had many challenges and I've been very demanding .. but you've got a top professionalism and a very gentle hand guided me through .. your customer service really Impressed me ... I started with no confidence about webshops but with Your way of being on has given me more self-confidence day by day, you are really good at your craft and It's really not fair to say 5 stars because you deserve more 100 stars .. with you In the back I feel I can Achieve everything. It's definitely not the last time I've used you for something because you've given me so much confidence that I want to get started with a lot of webshops. I can only thank and say thank you for all the webnexs In making it really Well .. I Will with all due respect try to copy your customer service to my webshop because with such a customer service you can only get success .. thank you for everything and I look forward to continuing our work together thanks a lot to Mr. Kavi Arasan and Mr Mahesh Putta Shankar Best regards, your apprentice and friend Amer El-khatib 123waow.com
