**Nature of Business** – Automobile

PROJECT INSIGHTS

Objective & Scope

1. What was the objective of the project you did with Webnexs?

The objective to work with Webnexs was to develop a website where the information of car is provided. We basically, buy cars from Japan and sell them and we also provide car rental services as well as car repair and maintenance services.

2. What is the scope of the project? What all did Webnexs do for you?

They developed the project from the scratch; we were only supposed to share our project requirements with them.

Duration

3. What was the estimated timeframe committed for the completion of the project?

We started working with them in September 2016 and the estimated time to develop the project was four months.

4. How much time did it actually take for completing the task?

They completed the project by the end of December 2016. They did not cause any delay, in fact, they were ahead of their estimated schedule.

Budget

5. Please provide an approximate figure (in \$) for the work done?

Approximately, it was around one thousand three hundred dollars.

6. Did they exceed the committed price point and why?

They did not charge us more than the decided price in fact; compared to other companies they have a reasonable price range.

VENDOR INSIGHTS

7. How did you come to know about Webnexs?

I found them on the internet and also took feedbacks from their previous clients; they all had a very good experience working with them.

8. Why did you choose to partner with them?

When we first met them, their approach was very friendly and also we were comfortable working with them. Additionally, they had a competitive price range and were knowledgeable in this business.

OUTCOME

9. Did Webnexs evaluate your project scope and requirements correctly?

Yes, they have fabulous project scope and requirements evaluation skills.

10. Did the company deliver as per your expectations?

Yes, they did deliver as per our expectations.

11. Are you satisfied with the sales and customer support service?

Yes, they were very supportive and friendly. We were never disappointed by their sales and customer support team.

OPINION

12. Is there anything that makes them stand out compared to other companies (core Strengths)?

They are highly skilled and also they are very well-versed with the advance technology.

13. According to you, is there any area that you think they can improve upon?

No, our experience was very good with them.

14. Did they offer any proactive consultative approach? (Technical advice, design changes etc.)

Yes, since we do not have a technology background, they always guided us to make our project efficient.

RATING

15. On a scale of 1 - 5, how would you rate Webnexs on the following parameters: (Where 5 - extremely satisfied and 1 - not at all satisfied)

A. Quality of work.
