## They did wonderful job for my business.

★★★★★ Reviewed 8 months ago by Mahesh Babu

Role: Co-Founder at Halwa2home

Webnexs has been always delivering solutions consistent and great for my business. I have migrated my ecom store from opencart to prestashop platform. They did a wonderful job in maintaining less downtime, so my customers are not left away. Their support team headed by Mr. Mahesh is awesome. The Developer Kavi Arasan helped me a lot to implement the things suggested by me. Webnexs did wonderful job for my business. They responded good. Overall, I would say, this is just not less than a perfect team which helps the customers to use the technology that they deliver and not leave the customers middle way.
